John Longden Here Tuesday

Elder John Longden, Assistant to the Council of Twelve Apostles of the LDS Church, will be the Devotional speaker Tuesday at 10 a.m. in the Smith Fieldhouse at BYU.

A native of England, Elder Longden came to the U.S. with his parents when he was 10.

1951 CALL

An employee of Utah Power and Light Company and Westinghouse Electric Supply, Elder Longden retired from business in 1951 when called to be a General Authority.

From his youth he has held responsible Church positions, including a Central States Mission. He was a Highland Stake High Council member and on the General Welfare Committee before being called to his present position.

Callup Grabs Pleasant Grove Unit

A callup of 24,500 reservists, including about 35 BYU students, was announced last week by Defense Secretary Clark M. Clifford.

Some 10,000 of the men will be sent to South Vietnam, bringing the total of American troops serving there to 549,500. According to the *Deseret News*, Clifford said the Army is calling about 20,000 men in the National Guard and Army Reserve units. The Navy is calling up approximately 1,000 men in two units.

The Air Force is calling about 3,500 men in the 10 Air National Guard and Air Force reserve units. About a third these will be sent to Southeast Asia under current plans.

Among the Army units activated is the Headquarters and Headquarters Co. of the 299th Quartermaster Battalion from Pleasant Grove, according to Sen. Frank E. Moss, D-Utah.

The unit includes about 70 enlisted men and 15 officers. Approximately half the enlisted men are enrolled at BYU, said Maj. Lyndall J. Hoff, unit executive officer and staff administrative assistant.

Lt. Col. C. E. Bitter of Orem, Commander of the Pleasant Grove unit, said the reservists will report May 13 to Ft. Leonard Wood, Mo., for mobilization.

Sen. Moss said no other Utah units were called up.

Col. Bitter said his unit was redesignated in February. It was formerly an infantry outfit and is now a quartermaster battalion.

"Therefore, I would think that our active duty assignment would have to be a training mission, because we are just getting into this thing," he said.

An entire National Guard battalion received the call in Idaho—the 116th Engineer (Combat) Battalion, Headquarters and Headquarters Co., Co. A, Rigby; Co. B, Rexburg and Driggs; Co. C, St. Anthony; and Co. D, Grangeville and Orofino. Members of the battalion will report to Ft. Lewis, Wash., on May 13.

Col. Bitter, who will leave his invest-

ment business to go on active duty, said the members of his unit are strung throughout Utah County, but that most live in Provo, Orem and Pleasant Grove.

"You expect these things in a way, but when they come they're a real surprise," the colonel said. "It's kind of a shock."

"This is what we're here for," Maj. Hoff said. "It's a shock because we are so newly released, but we will go and do the best we can."

Defense Sec. Clifford said the length of service for all of these reservists will not exceed 24 months. He said notifications were already being sent to all units involved. Each man will have a minimum of 30 days' notice before reporting.

Hard Time Understanding

We are having a hard time understanding Johnson's intention of the de-escalation of the Vietnam war in the light of his recent call of reservists.

On his latest non-candidacy speech on March 31 Johnson said he intended 35,000 troops to assist in his intended 35,000.

April 11, Defense Secretary Clark M. Clifford announced an immediate mobilization of 21,550 reservists in 34 states.

Of these 10,000 will go to Vietnam. So instead of sending only 13,000 troops to Vietnam, 23,000 of his intended 35,000 will go. One wonders how long it will be until this last figure will be surpassed.

The mystery was further clouded when this same Secretary of Defense stated our new policy in Vietnam will be to shift the responsibility of the fighting more and more to the shoulders of the South Vietnamese.

If the U.S. and Saigon regime are to take seriously such declarations as those put forth by Johnson and Clark, then subsequent action will have to follow.

If we must escalate, then it is a least trust sense to con the American public thinking we are pursuing a course-escalation.

If the South Vietnamese are to realize their responsibility in the future then we should stop sending over our As long as we do, they won't.

If North Vietnam is to stop sending troops and supplies into South Vietnam that peace talks can proceed, then we must show intentions of the future.

Since 35 BYU students were aff the recent call in light of this a peace offensive and sincere efforts of de-escalation by the President, the U.S. would like to see a spade called the future.

We begin to wonder how many of us will be called up before Johnson's of further de-escalation will be considered. We would like to see this nation pursue an honest course and relate people in that fashion.

You just can't fool us all of the

Wallace To Speak Tuesday

Announced president date, Governor Wallace Tuesday at noon via the "Union of Americans" answer the questions from universities in the Washington Association.

In 1964, Governor Wallace announced candidacy, only to withdraw before the Democratic convention. His avowed purpose, promote interest in states' rights.

In that year he summed beliefs in the U.S. News 2. "I will actively speak (about) States' rights and government and the Constitution of the United States, liberty and freedom, protection of the free enterprise and the protection of the property-ownership system."

Mr. Wallace does not believe will solve the civil rights.

He claims the press is "liberal" and that the news, rather than just it.

In 1964, the governor decided the decisions of the Supreme Court which protect criminal and chased private schools.

In July of 1964 Wallace, an observation about a namesake war, "I, like you and tired and fed up with emment . . . which sends to be killed in a war with torty."

His niche in the political stream is clearly right. The stream of American political leading down the road of Socialism, and I assure gotten out of the map long ago," he said in 11 issue of New Republic.

Trackmen Win Triangular

By Bob Hudson

Universe Sportswriter

Coches Clarence Robison's Cougars tucked another victory under their belts as they defeated Utah State and a University of Texas at El Paso team weakened by a boycott by several of its colored athletes.

The Mountain Cats rolled up 116 points to 35 for El Paso's Miners and 29 for the Aggies.

The Cats captured 12 of 17 possible firsts as they built up an early lead to which they continued to add more points as the meet progressed.

TIES RECORD

Finnish long jumper Pertti Poski tied the stadium record set by Kansas's Gary Ard last spring in the NCAA meet. In the process, he bettered his own mark, the school record, by 1/2 inch.

Hurdler Ralph Mann, distance runner Bob Richards, and versatile sprinter Jim Blaisdell led the Cougar point parade.

Mann earned 10 points as he captured firsts in the 120 yard hurdles and the 440 yard intermediate hurdles. His times were 14.2 and 51.6 respectively.

Richards earned eight more points for the Cougars as he won

the mile (4:14.5) and placed second to teammate Mike Stone in the two-mile. Stone ran 9:15 in that event and Richards followed with a 9:16.5.

El Paso's Kerry Pearce, world indoor two-mile record holder, was unable to compete because of an injured muscle.

POINT GETTER

The most versatile Cougar, Jim Blaisdell, competed in five events and earned 14 1/2 points for the Cats.

He won the 100 and 220 yard dashes, ran the anchor leg on the 440 and mile relays, and placed third in the long jump.

Other Cougars who did well were Don French in the high hurdles (14.2), Ed Hanks in the high jump (7 feet) Stan and Steve Bergeson in the 800 (1:52.2 and 1:54.4 respectively), and Bob Hanrahan in the triple jump (48 feet 5 1/2 inches). Sleepchaseers Greg Krause, Glen Parker, and Luis Saltillo placed 1, 2, and 3 and showed the fans that BYU will not be badly hurt in that event when veteran Bob Richards graduates. It was, however, a non-scoring event in and graduates. It was, however, a this meet.

The Cougars will get a rest next

weekend as no meet has been scheduled. They will next see action April 27 in Tempe, Arizona in the WAC Relays, a new meet this year.

A preview of one event of that meet, the fat man's relay—a relay in which the team members must either weigh over 200 pounds or compete in a weight event (shot put, discus), was seen Saturday. Four of Texas-El Paso's weight men agreed to compete against the Cougar team.

Businessmen Seek Ghetto Workers

STANFORD, CALIF., (UPI)—A group of businessmen is seeking young men to work in Negro ghettos under a plan that would exempt them from military service.

The group, incorporated as the National Service Foundation, aims to raise \$5 million and sign up 2,000 youths for two-year terms starting this summer.

The recurring question of the organizers is, "If people like us don't do it, who will?"

LEAVE OF ABSENCE
Donald Filton, 42, chairman of the new foundation, took a year's leave of absence without pay from his job as senior vice president of a technical book distributing firm. "I can do more for my company

with the foundation than I can as the company's marketing manager," he said. His firm has a plant in a ghetto in another part of the country.

The National Service Foundation believes young men should be given the chance to perform constructive community service in lieu of doing time in the military.

Would you like to earn \$5,000 for next school year? For details, send self-addressed, stamped envelope to: P. O. Box 374, Provo, Utah, immediately.
